

June, 2023

Dear Participants,

We are pleased to share that **the Internal Revenue Service approved the closure of MG's ESOP.** This means we can finalize payout once all funds due to the plan are received as a result of the acquisition by Healthcare Services Group.

Per the terms of the sale, there are escrows (additional monies) that will flow into the plan upon the second anniversary of the sale, November 18, 2023. Immediately after that date, PenChecks (the same company that administered the first payment) will initiate the process to assure you receive the final payout just as swiftly as possible. Our advisors and the Plan Trustee estimate you will receive instructions before January 1, 2024. And, with the additional funds that will be received by the plan on the second anniversary, we anticipate your final payment will be as much, if not more, than the first payment.

Please continue to keep us updated with any address changes so we can ensure you receive all communications from MG and PenChecks. You may send all updates to us at hr@merig.com.

Thank you for your patience. We are in the home stretch and are excited for you to receive this benefit.

If you have any questions please contact the MG Human Resources Team at 434.384.6273 (option 2), and we will return your call within 48 hours.
